Test Case

Record Keeping

Description
This test will verify that when the user wins a match the app adds a win and when the user loses the app adds a loss.

Steps
1. Click the "Draw" button below the Wins and Losses
2. Select two bots by clicking "Add to Duo"
3. Scroll to the bottom and click "DUEL!"

Test Postconditions
- If the screen says "You won!" the "Wins: _" should show +1
- If the screen says "You lost!" the "Losses: _" should show +1

Bug Report

Wins Not Adding Up

Descripiton
When the user wins, the wins are not being added to the "Wins: _" record.

Steps to Reproduce
1. Click the "Draw" button below the Wins and Losses
2. Select two bots by clicking "Add to Duo"
3. Scroll to the bottom and click "DUEL!"
4. Continue to do this until you get a screen that says "You won!"

Expected Result
- The "Wins: _" record to go up by one

Actual Result
- +1 is added to the "Losses: _" instead of the "Wins: _"

Environment
- Mac OS 13.1
- Chrome verson Version 109.0.5414.119

Test Case

See All Bots

Description
This test will verify that the user is able to click the "See All Bots" button and get a list of the bots.

Steps
1. Click "See All Bots"
2. There should be 10 unique bots. Compare to the list below.
   a. The Hammer
   b. Crowbar
   c. Rusty
   d. Beta
   e. Prime Information Drone
   f. Brobot
   g. Nozzle
   h. Globotron
   i. Self-Aware Garbage Android
   j. Mechi

Test Preconditions
● The tester needs to have a screen that is not showing the bots
